

The plant floor, finally open.

An open-source SCADA / HMI platform. Ignition-class capability, MIT-licensed, community-extensible. Built in Rust, runs in your browser.

// THE STACK

GATEWAY	Rust + Tokio · embedded SQLite
RUNTIME	React + TypeScript · browser-native
SCRIPTING	Python 3.11+ via PyO3

DESIGNER	Tauri + React · macOS + Win
DRIVERS	Rust plugins · EtherNet/IP first
WIRE	JSON over WebSocket · single duplex

// VS THE INCUMBENTS

	Ignition	Optix	OpenWebHMI
License	Commercial	Commercial	MIT · open source
Per-gateway cost	\$\$\$\$	\$\$\$	\$0
Source available	Closed	Closed	Full source
Core stack	Java / Kotlin	C++ / C# hybrid	Rust
Frontend	Perspective · web UI	XAML (WPF-like) + HTML5	Browser-native React
Scripting	Python (Jython)	C#	Python 3.11+
Protocols	OPC UA + PLC drivers	OPC UA + PLC drivers	OPC UA + EtherNet/IP first
Data	SQL (external)	SQL (external)	Embedded SQLite + SQL
System model	Gateway · distributed	Runtime + IDE	Single-binary gateway

Ignition™ Inductive Automation · Optix™ ASEM · used as reference only.

★ STAR · WATCH · CONTRIBUTE

Follow the build.
